

IVORY TRAVERTINO

TRAVERTINO MARBLE TILES

Number: D*2802N

Granite Energy

Ivory Travertino produced in Turkey, is used for indoor and outdoor high-grade decoration. Its background is white, with tiny holes on it. From the decorative effect, it can foil the delicacy of electrical products metal, forming a strong texture contrast, very modern. Ivory Travertino can be combined with a variety of home decoration styles, such as pastoral literary style, simple modern style and British retro style.
