JAZZ

Jazz, collezione che si ispira allo stile Art Déco presentandone le tipiche forme geometriche e lineari.

Progetto dal carattere essenziale e simmetrico, che vibra, in un gioco affascinante e rigoroso, coniugando la leggera texture a rilievo e la semplicità del piccolo formato, anch'esso rimando agli anni ruggenti.

Jazz, collection inspired by the Art Déco style, presenting its typical geometric and linear shapes.

Project with an essential and symmetrical character vibrating in a fascinating and rigorous game, combining the light relief texture and the simplicity of the small size, which also refer to the roaring years.
