I grandi stilisti italiani nel campo della moda fanno scuola, rivoluzionano il design, il più grande crea le "giacche destrutturate", diventa il protagonista del "Tailleur" emblema dell'eleganza. É a questa realtà che ci siamo ispirati per creare ESSENTIAL dove la raffinatezza, la pulizia delle superfici e l'essenzialità sono le protagoniste. Abbiamo catturato delicatissime trame di tessuto per piccoli accenni che danno alle superfici una delicatezza dove nulla è invadente o prevaricante. La collezione è proposta in quattro colori, grey, turtle, white e iron. I formati 60x120, 20x120 si prestano ai più svariati utilizzi.

The big Italian stylists in the branch of the fashion make the school, they revolutionize the design, the biggest one creates the "unstructured jackets", he becomes protagonist of the "tailleur" emblem of the elegance. From this reality we took inspiration to create ESSENTIAL, where the refinement, the cleaning of the surfaces, the essentiality, are the protagonists. We caught very soft weft of texture for small signs which give to the surfaces a delicacy where nothing is intrusive or prevaricates. The collection is proposed in four colors, grey, turtle, white and iron. The sizes 60x120 and 20x120 are thought for very different uses.

BICOTTURA IN PASTA BIANCA MONOCALIBRO
MONOCALIBRE WHITE BODY TWICE-FIRING

33,3x100 13"x39.3"

I muri, gli intonaci preservati e rimasti intatti nel tempo, la magia che ci trasmettono intuendo la sapienza degli artigiani che li avevano sapientemente plasmati, il gesto manuale che si percepisce e si apprezza sfiorandoli. Superfici meravigliose che ci raccontano una esperienza di attualità e di minimalismo assoluto e che noi riproponiamo con HABITA. La collezione HABITA è presentata in 3 colori di fondo, white, grey e turtle e completata dalla struttura **SCORE** nel formato 33,3x100. Questo grande formato viene proposto per la prima volta in bicottura monocallibro offrendo, oltre che un notevole effetto estetico, anche il vantaggio di maggiore facilità di posa rispetto ai prodotti rettificati che sono sempre molto delicati da manovrare.

The walls, the preserved plaster remained intact in the time, the magic that they transmit ourselves realizing the knowledge of the artisans that had wisely molded them, the manual gesture that we perceive and appreciate just by touching them. Wonderful surfaces that tell us an experience of actuality and absolute minimalism that we repurpose with HABITA. HABITA collection is presented in 3 basic colors, white, grey and turtle and it is completed by the structure **SCORE** in the size 33,3x100.

This big size is proposed for the first time in double firing mono caliber offering a big aesthetical effect and also a big advantage of fixing it compared to the rectified materials that are always very delicate to handle.

SHINY AND MAT SURFACES

MONOCOTTURA WHITE
WHITE BODY WALL TILE

9,00

L'acqua, meraviglia della natura, bene prezioso, essenziale, indispensabile, fonte di vita. Ci incanta con lo splendore dei suoi fiumi, laghi e mari, ci disseta, ci appaga e ci rinfresca, è alla base di tutte le forme di vita e ci ha ispirato per questa collezione a lei dedicata proposta coi fondi ACQUA e ONDE.

La collezione si articola su 4 colori lucidi e 2 mat proposti nella versione dei fondi base ACQUA arricchiti dalla struttura ONDE.

Il colore Pura e Sand sono proposti in mat mentre le tinte Pura, Perla, Marina e Corallo sono lucide.

La freschezza dei colori e la trasparenza degli smalti donano a questa collezione un sapore naturale e coinvolgente, pensato per bagni luminosi dove il colore nelle sue tinte delicate è il protagonista.

Water, wonder of nature, precious good, essential, indispensable, source of life.

It enchants us with the beauty of its rivers, lakes and seas, it drinks us, it satisfies us and it refreshes us, it is on the base of all forms of life and it has inspired us for this collection, dedicated to it, proposed with the funds ACQUA and ONDE.

The collection bases itself on 4 shiny colors and 2 mats proposed in the version of the base funds ACQUA enriched from the structure ONDE.

The Pura and Sand colors are proposed in mat and colors Pura, Perla, Marina and Corallo are shiny.

The freshness of the colors and the transparency of the glazes give to this collection a natural and involved taste, thought for lighting bathrooms where the color in its soft dyes rules as the protagonist.

MONOCOTTURA WHITE
RIVESTIMENTO PASTA BIANCA
WHITE BODY WALL TILE

Touch è un rivestimento mat a effetto intonaco in pasta bianca disponibile in White e Cream.

Le decorazioni pacate si amalgamano perfettamente con i fondi.

Ora Touch ha nuovo impulso con un fondo a basso rilievo: Feel è di grande ed evocativa morbidezza.

Touch is a mat wall tile with plaster effect in white body support available in White and Cream.

The soft decorations integrate perfectly with the base tiles.

Now Touch has a new impulse thanks to a base-relief plain tile: Feel has a great and evocative softness.

FONDI NATURALI
NATURAL SURFACES

Geologia, il ramo delle scienze che studia la terra e i processi che la plasmano e la cambiano, importante per il rilevamento di risorse naturali, dei minerali e per lo studio sui mutamenti del clima e dell'ambiente.

É la geologia che si occupa anche della ricostruzione della storia della Terra attraverso l'indagine della successione degli eventi fisici, chimici e biologici che ne hanno determinato nel corso dei tempi l'evoluzione fino allo stadio attuale, è da questi approfondimenti, dallo sguardo allo spettacolo naturale che ci offre il mondo che abbiamo visualizzato questa magnifica pietra donataci dal tempo che abbiamo catturato e chiamato GEOLOGY.

Geology, the branch of the science that studies the Earth and the processes which mould and change it, important for the survey of natural resources, of minerals, and for the study of climate and environments changes.

It is the Geology that occupies itself also of the reconstruction of the history of the Earth through the investigation of the successions of the physical, chemical and biological events, that, in the course of the time, had determinate the evolution until the actual stadium.

It is from these sources, form the sight of the spectacle of the nature that the world offers us, that we have visualized this wonderful stone, given to us by the time, which we caught and gave the name GEOLOGY.

PULIZIA
SMALTI PREZIOSI - PRODOTTI LAPPATI
Le piastrelle decorate con ORO, PLATINO e/o LUSTRO e i materiali LAPPATI non devono venire intaccati con malta, prodotti abrasivi, acidi o alcali concentrati. Fare particolare attenzione sia durante che dopo la posa: questi prodotti possono essere puliti solo con acqua addizionata con detersivi leggeri. Non si riconoscono danni arrecati a questi materiali causati da una impropria manutenzione. Controllare, prima della posa, tonalità, calibro e scelta. Non si accettano reclami relativi a materiale già posato. All'atto della posa prelevare piastrelle alternativamente da diverse scatole. Date le particolari caratteristiche del prodotto, si consiglia la messa in opera del materiale con fuga. Proteggere le superfici delle lastre durante il corso dei lavori. **RI MUOV ERE ACCURATAMENTE E TEMPESTIVAMENTE I RESIDUI DI COLLA E STUCCO.** Non utilizzare mai detersivi a base acida. Qualora si rendesse indispensabile l'utilizzo di detersivi acidi per la rimozione di residui di stucchi e/o colle, procedere sempre ad una prova in zona non visibile e lavare immediatamente dopo l'applicazione, seguendo attentamente le istruzioni del produttore.

CLEANING
PRECIOUS GLAZES - LAPPED PRODUCTS
The tiles decorated with GOLD, PLATINUM, and/or LUSTER and the LAPPED materials must not come into contact with grout, abrasive agents, acids or concentrated alkalines. Special care must be taken both during and after the installing process: these products may only be cleaned with water and mild detergents. Damage to these materials caused by improper maintenance shall not be acknowledged. Before tile installation, please check shade, caliber and choice. No claims will be accepted after tiles installation. While installing, choose tiles alternatively from different cartons. Considering the particular features of this product, we suggest to install the tiles with grout joint. Protect floor tile surface while work is in progress. **ADHESIVE AND GROUT RESIDUES SHOULD BE REMOVED THOROUGHLY AND PROMPTLY.** Never use acidbased cleaners. In case the use of acid-based cleaners is essential in order to remove grout and/or adhesive residues, always test the product in a small inconspicuous area first and rinse immediately after application: we strictly recommend following the manufacturer's advice.
