Pottery è il nuovo rivestimento Marazzi ispirato alle maioliche della tradizione ceramica. Un unico formato, 25x76 cm, e sette colori di elegante personalità per rileggere in chiave contemporanea la tradizione del passato. Una struttura tridimensionale, un decoro Azulejo e un mosaico formato 30x30 cm impreziosiscono la collezione rendendola ideale per ambienti residenziali di forte personalità.

Pottery is the new Marazzi wall covering inspired by the majolica ware of the ceramic tradition. A single size of 25x76 cm and seven elegantly individual colours for reinterpreting the tradition of the past in contemporary taste. One three-dimensional structure, one decoro Azulejo and one 30x30cm mosaic extend the collection's design potential, making it ideal for residential interiors with a strong personality.

Pottery: le nouveau revêtement mural de Marazzi inspiré des majoliques de la tradition céramique. Un format unique, 25x76 cm, et sept couleurs à l'élégante personnalité pour une lecture contemporaine du passé. Une structure en 3D, un décor Azulejo et une mosaïque au format 30x30 cm viennent enrichir la collection, encore plus précieuse, idéale pour des espaces résidentiels à la forte personnalité.

Das neue Steinzeug Pottery von Marazzi ist für Wandverkleidungen konzipiert und knüpft an klassische Majolika an. Das Einzelformat 25x76 cm und sieben elegante Farben setzen Tradition auf zeitgemäße Weise um. Ein 3D-Relief, das Dekor Azulejo und ein Mosaik im Format 30x30 cm runden die Kollektion ab und machen sie perfekt für charakterstarke Raumgestaltungen.

Pottery es el nuevo revestimiento de Marazzi inspirado en las mayólicas de la tradición cerámica. (quality and environment)

Qualità per Marazzi significa qualità di prodotto, di processo e sostenibilità ambientale, attenzioni che hanno permesso all'azienda di certificare i propri sistemi e i propri prodotti.

La qualità ecologica dell'intero ciclo industriale parte dalle materie prime estratte da cave che operano nel rispetto delle direttive ambientali per la tutela dell'habitat.

Durante il processo di produzione Marazzi adotta sistemi di raccolta e riutilizzo degli scarti e delle acque di lavorazione, limitando così il consumo di risorse naturali.

Le emissioni in atmosfera di tutte le fasi vengono controllate con idonei sistemi di abbattimento, non sono presenti scarichi di acque industriali e, grazie al recupero del calore e all'autoproduzione di energia, i consumi energetici risultano ottimizzati.

Infine i rifiuti prodotti vengono raccolti e inviati al recupero presso aziende autorizzate. Marazzi, al fianco di ingegneri e architetti, progetta e realizza sistemi in ceramica innovativi in grado di migliorare la qualità della vita delle persone e il loro rapporto con l'ambiente che le circonda.

For Marazzi, quality means quality of product, process and environmental sustainability, priorities that have enabled the firm to certify its systems and products.

The environmental quality of the entire industrial cycle starts from the raw materials, taken from quarries that operate in accordance with environmental directives on habitat protection. During the production process, Marazzi uses systems that collect and reuse waste and processing water to limit the consumption of natural resources.

Atmospheric emissions from all phases are controlled by means of suitable scrubbing systems, no industrial effluents are discharged, and heat recovery and in-house energy generation optimise energy consumption. Last but not least, the waste produced is collected and sent for recovery by authorised firms. Marazzi works with engineers and architects on the design and realisation of innovative ceramic systems capable of improving people's quality of life and their relations with their surrounding environment.

Le mot « Qualité » pour Marazzi signifie qualité de produit, qualité de processus et durabilité environnementale, autant de caractéristiques qui ont permis à la société de certifier ses systèmes et ses produits.
