D.MOSAIC KIN CLOUD · D. MOSAIC KIN ICE

MOSAIC KIN by DSIGNIO represents the evolution of the KIN wall tiles which were also designed by this studio, now adapted to the world of mosaics whilst retaining all their authenticity. Just like its predecessor, MOSAIC KIN by DSIGNIO is based on the hidden mathematical rules of nature, featured in reticules in which various pentagons converge, forming a series of interwoven hexagons. In this case, the wall tiles are made up of hundreds of tiny pieces of glass, reminiscent of cells, that come together to create a tissue or skin that provides a covering for spaces.

MOSAIC KIN by DSIGNIO es la evolución del revestimiento KIN, también diseñada por este estudio, adaptándolo al mundo del mosaico, pero sin perder su esencia. Al igual que su predecesor, MOSAIC KIN by DSIGNIO está basado en la matemática oculta en la naturaleza, en las retículas donde varios pentágonos se unen para crear hexágonos entrelazados. En esta ocasión, el revestimiento está formado por cientos de pequeños cristales que, como si fueran células, crean un tejido, una piel con la que cubrir los espacios.
